

What to do when you arrive to *Caesar Creek Soaring Club* for an introductory flight? *** Print this page and take it with you ***

Club is located at 5375 Elbon Rd Waynesville, OH 45068

- After Parking, walk to the club house, the easiest way is to ask anyone for assistance. Any club member can tell you how to locate the Crew Chief to arrange your Introductory Flight.
- If there is no one there to help you, most likely everybody is busy at the flight line. Look for the **Flight Line** operation at either end of the runway and make your way there. **Do not cross the runway under any circumstance.** Safety First. Walk between the hangars and the line of parked aircraft to the east, or by the edge of the campground (see the yellow dashed lines above) always watch for traffic.
- Ask for the **Crew Chief**. He is the club member responsible for the operations during that day; he will help you arrange your flight. Enjoy!
